

Performance features

Cleanroom saddle stool with castors

Optional with foot release

Article 9473R

Dimensions in mm Seat: H 540-800
B 350
T 415

Packaging data Weight: 6,5 kg
Volume: 0,09 m³

Basic Equipment

Benefits

Suitable for cleanrooms	'Tested Device' seal of approval for use in clean rooms Sealed upholstery with back-foaming technology Materials suitable for cleanrooms Smooth, sealed surfaces.	Certified cleanroom safety Any particle emissions are reliably avoided.
Conductivity	Volume-conductive plastics Aluminium parts with a conductive coating Typical discharge resistance of 10 ⁶ Ohm	Exceeds the ESD requirements of DIN EN 61340-5-1 Complete ESD safety
Seating surface	Comfortable saddle seat. 3-zone cushion foam.	Promotes an ergonomic sitting posture that supports the natural S-shape of the spine. For optimal pressure distribution and seating comfort.
Upholstery elements	artificial leather upholstery: black (MG01)	The PVC-free synthetic leather is particularly quick and easy to clean. It is durable, easy to wash, resistant to oils, and compatible with all standard disinfectants. The material is particularly soft and comfortable.
Seat Height	Stepless seat height adjustment from 540-800 mm via gas spring with protective cover.	Extra-wide range of seat heights. Can be ideally adapted to the workplace and user. Ideally suited for elevated workplaces that require mobility or offer only limited legroom.
Optional foot release (9F73R)	Seat height adjustment, conveniently operated via a foot release.	Particularly easy and hygienic
Mechanics	3D seat dynamics	Intuitive 3D seat dynamics ensure active, dynamic sitting.
Base	Extra small aluminum base with a diameter of 54 cm.	Space-saving and high mobility thanks to the available legroom.
Castors/Glides	Cleanroom castors	Castors are particularly useful in workplaces where flexibility and mobility are required. The models are equipped as standard with soft, load-dependent braked safety double castors for hard floors (e.g., concrete, tiles, etc.).
Material usage	All materials are recyclable by type.	Eco-friendly
Standards/certification	DIN 68 877 GS certificate for "tested safety" Quality management DIN EN ISO 9001 Environmental management DIN EN ISO 14001 Certified environmental management EMAS Occupational health and safety management OHSAS 45001 EcoVadis CSR rating 20 Gold	Security of supply

Sattelhocker

Warranty	10-year long-term warranty, including 3 years full warranty	Free shipping of replacement parts throughout the entire period.
